## Capacity Crowd Hears Red Cross Program

The walls of the Capitol Theatre were nearly pushed out Sunday night by the throng gathered there to hear the programme put on by the 2nd Ward Choir, under the direction of Jos. McLean, with Mrs. Emma Dahl at the piano.

The program was thoroughly enjoyed, despite the fact that a number were forced to stand during the entire presentation, and several of the numbers were encored. Divided into three parts there was variety enough to suit everyone. The choral numbers at the start put the programme off to a good start, and then the comic skits gave a good break for the audience. This was followed by the fairy with her magic wand and tub bringing up a number of very fine offerings climaxed by the four culled gentlemen with their harmony, their jokes and quips, and finishing off with a medley of war songs which really put the Red Cross spirit into the evening for all.

Between program numbers, Lee Brewerton, President of the Red Cross, thanked the 2nd Ward Choir for their fine program and the audience for their attendance, and asked all to do as much as they felt they could for the Red Cross when canvassers called on them. It was after eleven before the program concluded, and everyone went home well satisfied with the evening's entertainment.

### Air Cadets Inspected

Raymond's Air Cadet Troop has had its inspection this week, and from the report of Flight-Lieut. Wm. Bowman, who has charge of Air Cadets in the Province, the local boys under the command of I. Kitchen have made very satisfactory progress. Wednesday evening Flight Sgt. Henderson of Calgary was here and took the boys thru a part of their drill and gave them some instructions, and then Thursday afternoon Flight Lieut. Bowman was here and gave a demonstration of Morse Code to the boys, inspected the shop and orderly room and with the ensign fastened to the pole near the school, he watched the march past of the boys and took the salute. He complimented the boys and their leader for the fine work they are doing. There are 24 boys in the local troop.

Mr. Nicholls, Fieldman for the Poultry Division of the Provincial Department of Agriculture was a Raymond visitor Monday at the local Egg Grading Station. He was a visitor at Rotary, the next day.

## Committee Visits Factories And Lockers

Leaving Raymond at 8 a.m. Wednesday morning, Messrs J. F. Salmon, Godfrey Holmes, A. W. Jones and Ernest Jensen, visited the Cardston Creamery, the Glenwood Cheese Factory, the Pincher Creek Locker Storage Plant and Creamery and the Locker Storage set-up in Macleod. The trip is reported as very educational and beneficial, and the Committee returned with their minds pretty well made up as to just what they want incorporated in Raymond's Factory set up when it is commenced.

The Locker Storage was the thing in which they were mainly interested, as many have expressed a desire to have this convenience included in the local set-up, and the Committee wanted to see how these worked, how many would probably be needed and what their sizes were. In the cold storage room at Pincher Creek, looking into some of the locker boxes, they found fresh fruit as lovely as though it had just been picked, corn on the cob, steaks, chops, roasts, fowl, and what not all in perfect condition. These cold storage rooms are kept at zero so that everything is frozen and kept frozen until used. The convenience and economy of locker storage is of course a well-known fact, and a number of Raymond people are using storage boxes in Lethbridge now because of the convenience.

## Lions Club Meeting-- Elect New Officers

The Raymond Lions Club held their regular meeting in the Sugar Bowl Monday May 18th.

The meeting opened by singing "Oh Canada," and prayer was offered by Lion Dean Robinson. 27 members were present. Community singing was enjoyed by all, being led by Lion Joe, Jos. McLean.

The following new officers were nominated by the nominating committee.

Pres: Paul Moreland.  
1st Vice: Jack Kenny.  
2nd Vice: Roscoe Baker.  
Sec: Dean Robinson.  
Lion Tamer: J. Strong.  
Foil Twister: J. Vanderhilt.  
Directors: "Mutt" Ralph and Murray Holt.

The Lions Roar was given for the new officers who all went in by acclamation.

The Crescent Shows who were supposed to be in Raymond this week reported on account of the

## Aaronic Priesthood Programs Last Sunday Night

The Restoration of the Aaronic Priesthood in this dispensation was commemorated in all Salvation was treated by Elder L.D.S. Sacrament meetings last Sunday evening.

In the Raymond 2nd Ward the following topics were treated by the speakers, mixed with a fine musical program:

Graduation of nine boys from the Primary to the Priesthood Quorums. Mrs. E. Sabey, Mrs. Harold Stevens and Bruce Heggie took part in this.

After singing "Joseph Smith's First Prayer," the opening prayer was by Gordon Ander-

The local Committee would like to be assured of including these, and to do it they must have quite a number contracted for and paid for, as stated in the ad elsewhere in this issue. There is another reason why application should be made at once. These boxes are made in two sizes, 20x20x30 at \$1.00 per month or \$12.00 per year, in advance, and a box with almost three times this capacity at \$24.00 per year. If the committee knew how many of each size were wanted, they could judge better how to make up the order. From the reports of other towns, Raymond and district should be able to use about 500 lockers, and if half of this number could be contracted for NOW, the Committee would have a pretty good lead as to how far to go. Why not order yours today.

The Committee is waiting now for the official Charter of organization to come from the Department of Trade and Industry, and just as soon as this arrives activity will commence. A good sign-up of share-holders for the proposed Factory is in the hands of the Committee and the success of the venture so far as its commencement goes is well assured. Its continuing success will depend on the farmers and their cows. Here's hoping that it outgrows present plans very soon.

floods in the Pass, they would not be able to show here as advertised.

The regular War Savings Certificate was drawn and won by Lion Bill Meeks.

Lion Bob Fensett was all prepared to give the boys another interesting Moving Picture but it was found too light in the room to make a good showing.

Lions Rulon Dahl, J. McLean and J. Strong were appointed Captains and to each form a Soft Ball team from the Club. It was decided to purchase 2 Bats and 2 Balls so that the Club would be able to PLAY BALL. F. Leavitt was appointed Sports Chairman.

Pres. Pack asked the directors and all that were thinking of going to the Convention in Edmonton to remain after the meeting.

The Meeting closed by singing "God Save the King."

## Mother's Day Observed In Raymond Wards

Mother's Day programs were held in both Raymond Ward Sunday Schools last Sunday, when in song and speech, the Mothers of men were duly honored.

### CROPS AND GARDENS GROWING FAST

Following one of the coldest springs for many years, the weather now seems to have warmed up and things are really commencing to show rapid growth following the rains. The frost did some damage to flowers and fruits, but nothing very serious has been reported right around here.

Pretty close inspection of beet fields have been made and no damage sufficient to require any re-seeding has been reported here, but in some parts, all beet fields will have to be planted again if seed can be obtained, and Hill Spring reports the blooms of all their fruit trees and bushes frozen which will ruin the crop for this year.

Gardens are doing fine and late stuff such as beans, tomatoes and tender vegetables are just being planted now, but should make rapid growth when planted. We haven't heard of any fresh lettuce and radishes yet, but probably by next week someone will have had their first feed on these early spring delicacies.

Jack Grey who is employed in the Sugar Factory at Winnipeg, Man., is here for a two weeks vacation. He arrived the end of the week.

Monday is Victoria Day and a Statutory holiday. The businesses of the Town will all be closed. Take notice and act accordingly.

One question is solved for most of us. Our holiday will be taken at home, so we won't have any trouble deciding where and how long it will be. The Government has at least saved us from one headache.

## Good Success in Red Cross Drive

Good response is the answer of Red Cross canvassers to the drive for funds going on in Town this week. The splendid donation of Canadian Sugar Factories of \$3,000 to the cause gave the local group \$750.00 which made a very fine start for their objective. If the canvassers have not contacted you, don't wait but hand in your donation to some of the committee.

We are hardly able to appreciate the peace and the plenty that is ours, nor the need that exists for more and more Red Cross parcels, knitting, sewing comforts and so on. We should speak in loud terms our appreciation of what we are enjoying in the way of freedom and plenty and one splendid way of our showing this is to give and give freely to the humanitarian work of the Red Cross. The drive will close this Saturday night. Don't delay in getting in your contribution.

so far we have been unable to obtain the names of those taking part. Good crowds were at both meetings.

Supt. Murray Holt took charge in the 2nd Ward, and after welcoming the congregation, and paying tribute to the 106 mother's present, he announced the following program:

Talk on Tithing by Mrs. J. H. Walker.

"Boy of Mine," vocal solo by Jos. McLean.

In the First Ward, Supt. Kay B. Redd had charge of the program which was as follows:

Violin Solo—Leda Jensen.

MADLINE CHARLEBOIS

Madeline Charlebois is the charming young lady behind the pleasant voice now heard from CBC's Ottawa studios, announcing the BBC News and other important network originations from the Capital. Miss Charlebois was born just outside Ottawa. Her parents are French-Canadian. She has taken special courses in modern languages at Ottawa University and speaks French, English and Italian. She studied piano and voice for five years, but doesn't consider music her "forte," having always been a good deal more interested in the drama. When she was working as a bilingual stenographer at the head office of a large insurance company she devoted most of her spare time to Little Theatre activities, playing both French and English leads in the Dominion Drama Festivals. Her first introduction to radio was her successful audition for announcer at CBC's Ottawa studios last fall.

## NATIONAL WAR LABOUR BOARD COST OF LIVING BONUS

The Dominion Bureau of Statistics has found that the cost of living index number for April 1, 1942, of 115.9 [adjusted index 115] has not risen by one whole point or more over the index number for October 1, 1941, of 115.5 [adjusted index 114.6]. Accordingly, the National War Labour Board, pursuant to the provisions of Section 12 of Order in Council P. C. 8253, determines and announces, for the period May 15, 1942, to August 15, 1942, subject to the right of employers or employees to apply to a War Labour Board for authorization of payment of such an amount of cost of living bonus as a Board may determine to be "fair and reasonable," under the provisions of the Order, that:

- (a) There shall be no change in the amount or percentage of cost of living bonuses presently being paid;
- (b) An employer who has not been paying cost of living bonuses may not begin to pay such bonuses.

## Don't be a CUPBOARD QUISLING!

"Cupboard Quislings"! Is that too hard a name for people who selfishly lay in unnecessary stocks of clothes or food, or other goods for fear of shortages?

No! The name is not too hard, even though it may be earned through thoughtlessness. For in reality they are doing, in a petty, mean way, what the Quisling does in the open.

Anyone who buys more than is necessary for current needs—

Is breaking his country's law for personal advantage.

Is betraying his loyal neighbours and those who are not so well off as he.

Is, in effect, depriving our fighting men of the munitions and supplies they must have to defend us.

Is hindering our war effort and helping our enemies.

Loyal citizens avoid putting unnecessary and abnormal strains on our factories. In time of war, loyal citizens do not spend one dollar more on civilian goods than is absolutely necessary for current needs.

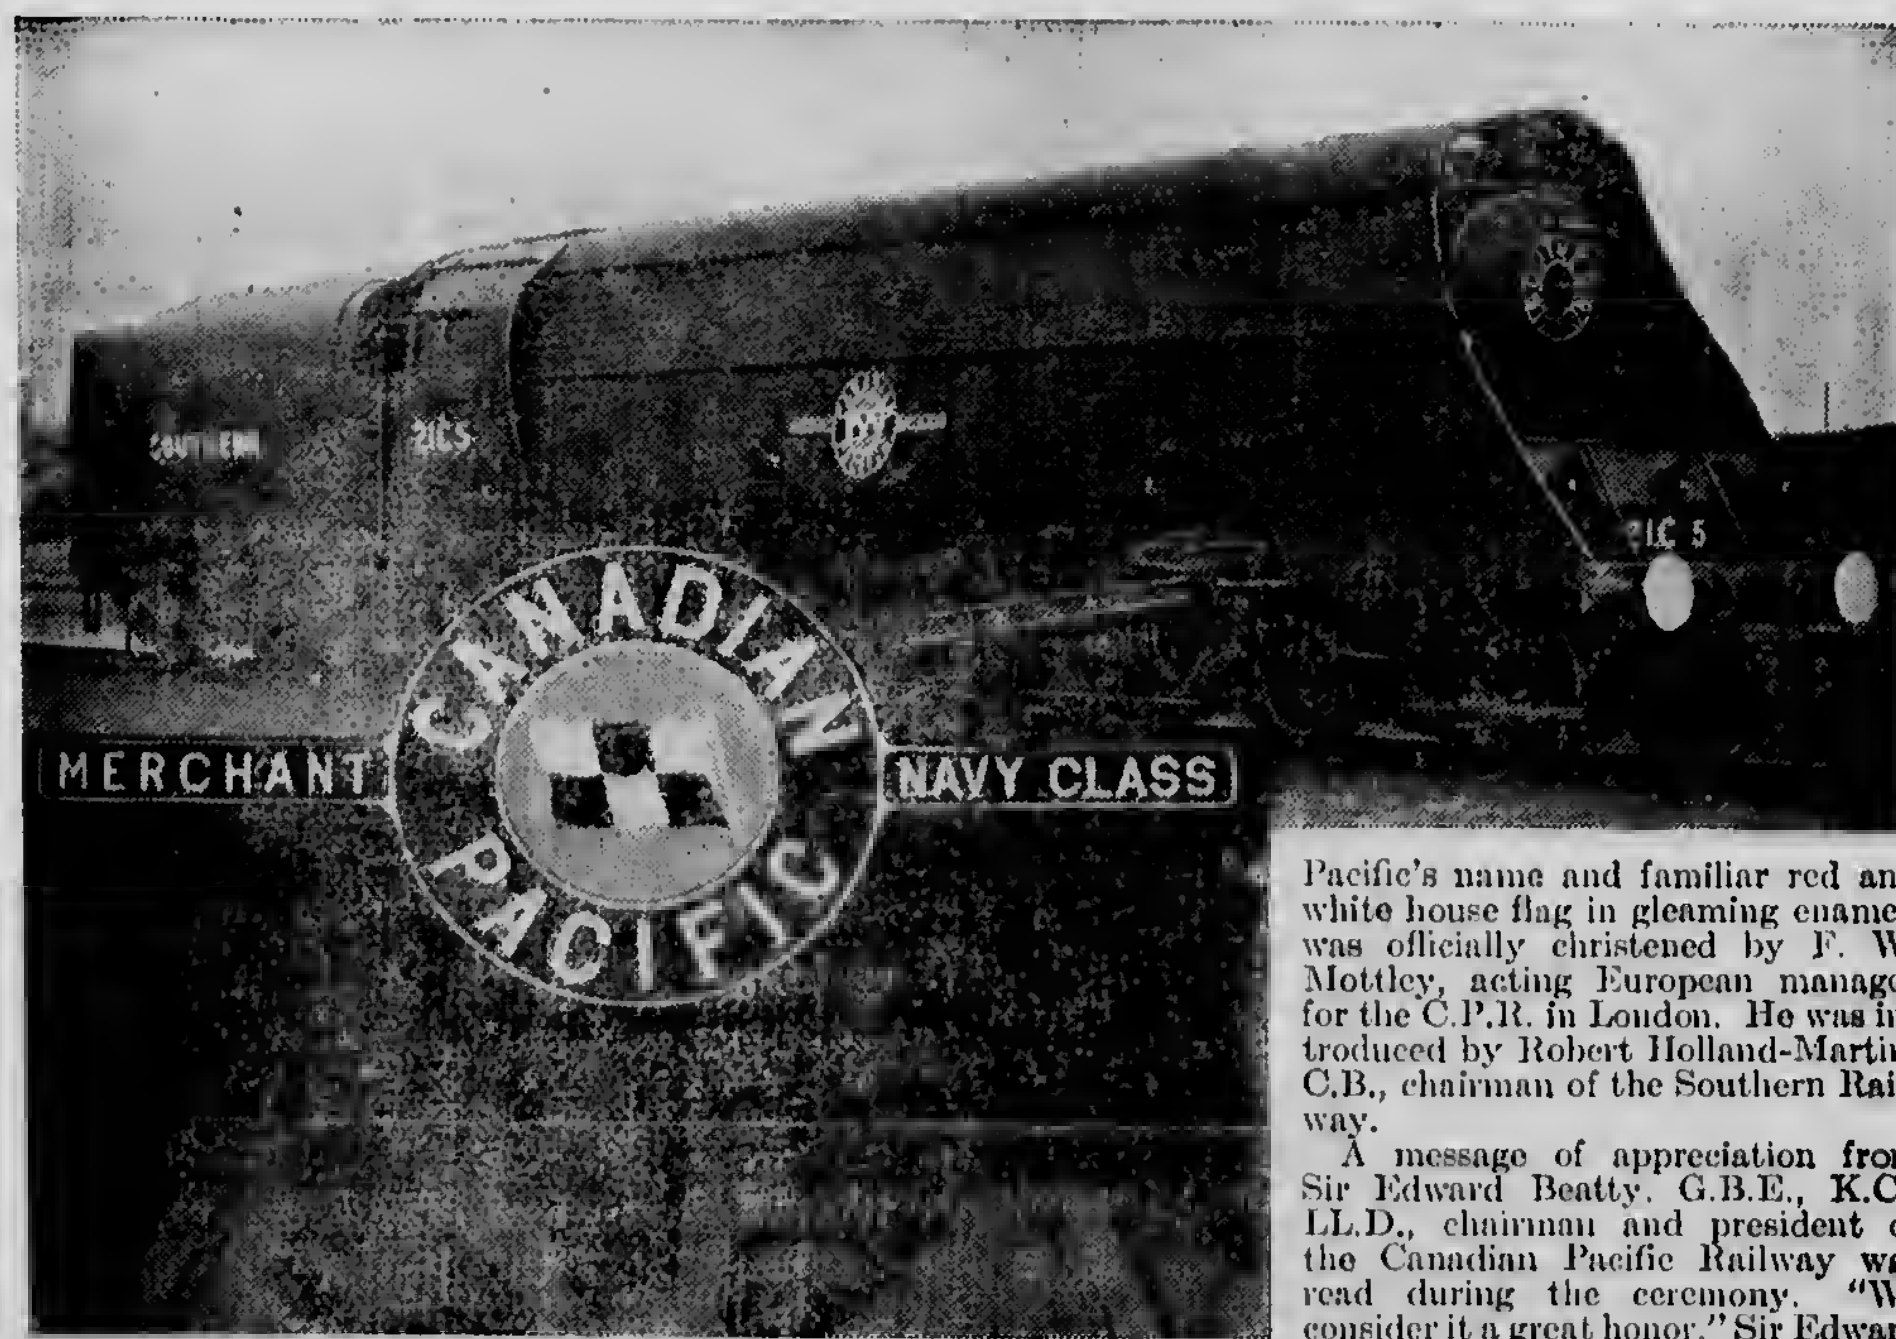

The law provides for fines up to \$5,000 and imprisonment up to two years for hoarding; and hoarding is just another word for unnecessary selfish buying.

In cases where it is advisable for you to buy in advance of your immediate requirements — such as your next season's coal supply — you will be encouraged to do so by direct statement from responsible officials.

Engine Bears Canadian Name  
On Britain's Southern Railway

THIS newest and smartest of British locomotives, the fifth in the new "Merchant Navy" series built and operated by the Southern Railway, was appropriately named "Canadian Pacific" at a ceremony recently in Victoria Station, London, in the presence of a guard of honor and officials of both the Canadian Pacific and the Southern Railways. The latter company, one of Britain's

Pacific's name and familiar red and white house flag in gleaming enamel, was officially christened by F. W. Mottley, acting European manager for the C.P.R. in London. He was introduced by Robert Holland-Martin, C.B., chairman of the Southern Railway.

A message of appreciation from Sir Edward Beatty, G.B.E., K.C., LL.D., chairman and president of the Canadian Pacific Railway was read during the ceremony. "We consider it a great honor," Sir Edward said, "to have a Southern Railway locomotive designated 'Canadian Pacific' and look upon it as a tribute to the men of our own fleet who have lost their lives at sea or are still serving heroically."

A glimpse of the "Canadian Pacific" appears above, while inset is shown the engine's glittering nameplate with the chequered house flag of the company's steamships. Designed for both passenger and freight service, the new engine will be clad in "battledress" for the duration, after which it will appear in the glamorous green that characterizes the Southern Railway's engines in peacetime.
